## THE SEMINAR WEEK.....

Our seminar team brings the lights, the sets, the costumes, the makeup, and everything else needed to put on a professional production, but we could not make the seminar week great without people like you!

In one week students are trained in all aspects of theater. Elementary students perform a full length musical and learn acting, singing, choreography, and so much more. Junior high and high schools students perform a full length play and are placed on stage to learn all those aspects as well as on a crew. They learn costumes, makeup, props, sound, lighting, stage managing, and fill all the other crew positions. We want them to fully produce their own production as one collective team.

## SPIRITUAL IMPACT.....

Not only do students receive amazing training in theater and have a fun and exciting week, but every aspect of the week is packed full of Biblical truth. Students will have daily chapels, jr/high school students have devotions in their morning crew meetings, and the productions performed are filled with truths that the seminar team emphasizes throughout the week in rehearsals and general interactions.

Our goal is to make master communicators for Christ. We realize this medium of drama is a great way to proclaim truth, and we want each student to feel more confident to speak truth about Christ in their daily walk by the end of the week.

## THE TEAM.....

The drama seminar team is comprised of staff members from The Academy of Arts as well as college-aged young people who have been recruited to travel with our staff as short-term missionaries to the youth of America.

These amazing team members are trained at our headquarters in all the aspects of dramatic production with an emphasis in youth ministries with the purpose of advancing student's skills in these areas and making the truths of the Bible come alive in each student through the seminar week.

You will love the one-on-one instruction and discipleship your child receives from these dedicated and talented team members.

## IMPACT THAT LASTS!
